

CEFLI Quick Poll: January 2020

Gramm Leach Bliley Notices on Company Websites

1) Do you post your Gramm Leach Bliley/Privacy Notice on your company's website?

2) Provide Additional Insight if Desired (Optional)

- The GLBA notice is linked from our main privacy page with a short description of which consumers are covered by the GLBA notice.
- We have information on our public website regarding our privacy policy but do not post the notice.
- Looking at doing so.
- Provided as a PDF on our website to provide transparency to our customers and consumers. It also reduces volume of requests to our call centers and producers.
- Public website has a dedicated Privacy page that includes links to GLB notice as well as other required privacy notices (i.e., HIPAA, CCPA, NY Domestic Violence, etc.)
- Substantively the notice on our website covers the same information that we provide to applicants and annually, but they are not exactly the same.
